44 (0)20 8420 4429 or E-Mail at
customerservice@summerinfant.com.**

For use with children from birth to 9 kg.
Keep small parts away from children.

INSTRUCTION MANUAL

**MOTHER'S TOUCH™
COMFORT BOUNCER**

Thank you for buying the Mother's Touch™ Comfort Bouncer from Summer Infant. Soft playful toys, bouncing action, and music entertain baby during playtime. Gentle vibrations and heartbeat or nature sounds will help calm baby and create an inviting place for naptime. Vibration and bouncing actions are both available in various speeds so you can "customise" the bouncer for your baby.

⚠ WARNING:

IMPORTANT! KEEP FOR FUTURE REFERENCE.

- Not recommended for children who can sit up by themselves.
- Never leave the child unattended in the reclined cradle.
- This product is not intended for a child to sleep in.
- It is dangerous to put this reclined cradle on an elevated surface.
- Not recommended for children over 9 kg.
- This product has not been designed for sleeping. Should your child need to sleep, then they should be placed in a suitable cot or bed.
- Always use the restraint system.

BATTERY WARNING:

- Do not mix old and new batteries.
- Do not mix alkaline, standard, or rechargeable batteries.
- Remove batteries when bouncer is stored for long periods of time or when batteries are exhausted.
- Dispose of exhausted batteries properly.

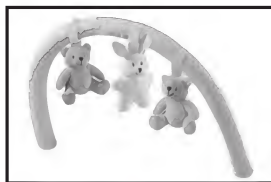

COMPONENTS:

Seat Cover Assembly
(with Restraining Belt)

Rear Tube

Toy Bar / Toys

Control Module

Leg (1 left & 1 right)

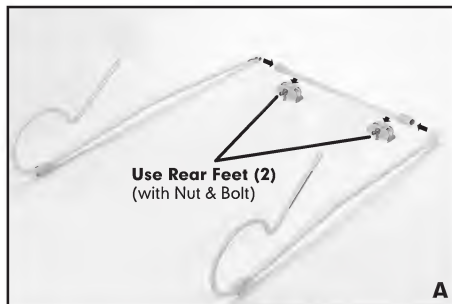

Rear Foot (2)
(With Nut & Bolt)

ASSEMBLY INSTRUCTIONS:

Step 1: Insert Left Leg and Right Leg into Rear Tube, ensuring that all bolt holes line up. Remove bolt in each Rear Foot. Fit one Rear Foot onto left side and one Rear Foot onto right side of Rear Tube. Insert bolt through Left Foot and tighten nut. Repeat on right side. (Figure A).

Step 2: Push Frame (located within seat cover) firmly down onto Legs, until Frame meets lines on Legs. (Figure B).

ASSEMBLY INSTRUCTIONS continued:

Step 3: Install batteries in the Control Module (requires 4 "C" batteries, not included). Unscrew battery door and insert batteries, making sure the + and - are facing the correct way. The battery compartment is labeled for clarity.

Step 4: Firmly push the Control Module onto Frame (Figure C) until you hear a click.

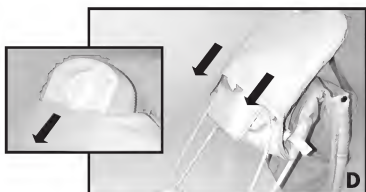

Do not hesitate to push forcefully if necessary.

Step 5: Lift the lower part of the Frame and slide Seat Cover over it (Figure D).

Make sure the Control module slides through the space in the Seat Cover.

Note: Cut the plastic tie that secures the toys to the toy bar during shipping.

Dispose of properly.

TO USE BOUNCER:

Step 1: How to select Motion and Sound:

To select Motion:

Select Motion Switch to BOUNCE or VIBRATE. Turn on. Use the Speed Knob to determine how fast or slow you want the motion. Desirable speed depends on baby's size. For a smaller baby, select a slower motion speed.

To select Sound:

Set Sound Switch to Music "♪", Heartbeat "♥", or Nature Sounds "🐦". Push the SOUNDS Button to turn sounds on and off.

Step 2: Place baby in bouncer and position the Restraining Belt over his lap. Be sure to fasten both security clips and tighten by pulling straps.

TO CLEAN:

Machine wash warm. Do not bleach.

Tumble dry low - remove promptly. Use steam iron - low setting.

MAINTENANCE:

Please check the following before each use:

- Make sure the screws that hold the frame together are tight and that none are missing.
- Make sure the molded feet are in the proper position.
- Make sure to check the seams in the fabric.
- Make sure that the backrest is firmly located in one of the three positions in the knuckles.
